

NSView

```
classDiagram
    class NSView {
    }
    class SFBlackView {
    }
    SFBlackView --|> NSView
```

The diagram illustrates a class hierarchy. At the top is the 'NSView' class, represented by a white box with a gray border, divided into three horizontal sections. Below it is the 'SFBlackView' class, represented by a gray box with a gray border, also divided into three horizontal sections. A blue arrow with an open triangular head points from the top section of 'SFBlackView' to the bottom section of 'NSView', indicating that 'SFBlackView' inherits from 'NSView'.

SFBlackView
